CODE-SWITCHING FOR LEARNING

Spanglish Fantastico provides learners with Spanish en combinación con inglés so you can understand what you read and hear from el inicio.

Este tipo de teaching se llama "Code-Switching."

La idea behind using code-switching to teach confidence and fluency is:

- You speak English.
- You add un poco de español.
- You keep adding un poco más de español.
- You speak español.

ESTE MES

PASOS is the number 1 curso para adultos in the UK. Find out what it is, and how you can benefit from my step by step guide, bringing the classroom into your home.

STRUGGLES

It's September and I'm back to school. Now I have even more to fit in. I hope the children will enjoy the new book I am writing for them this year!

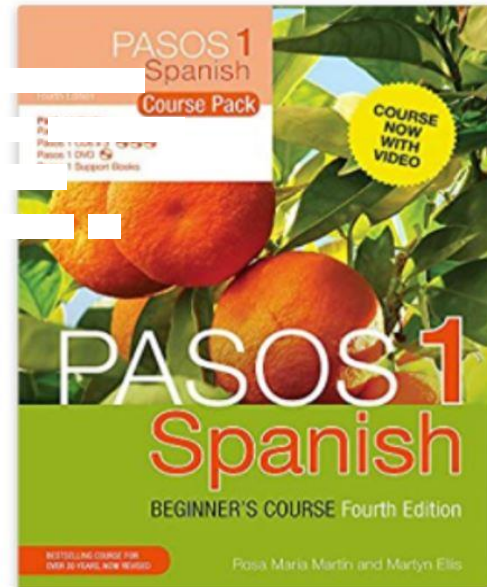

SUCCESSSES

[100 Days of Spanish](#) is complete. It has been an absolute delight to create this entry resource, for beginners who are just testing the water!

Pasos is published by JM Languages. You can estudiar con Pasos independently, but most estudiantes find that it is un curso that is more accessible with the support of a teacher.

I am delighted to announce that, having spoken with the publisher, I now have the go-ahead to create on-line lessons to accompany this book.

My lessons are not one of the official Pasos products, but they will guide you through every step of the course book.

"I was really delighted with how well I could communicate on my travels in Northern Spain. There were so many people who didn't speak English at all, and yet I could basically say whatever I wanted to!"

- Al Fraser, student who studied Pasos with Ruth.

Starting at the beginning, I am really enjoying recording the video lessons. I provide conversation and context around the activities and make fun presentations about how the exercises work and what you can expect from each one.

MY GUIDE TO PASOS OFFERS YOU THE FOLLOWING:

01

You are not studying alone. I tell you how to use every activity.

02

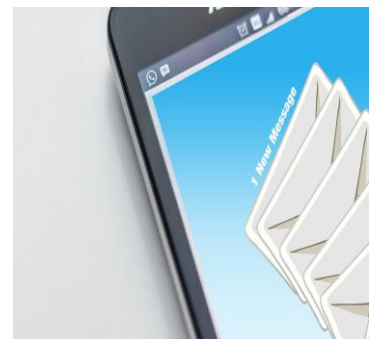

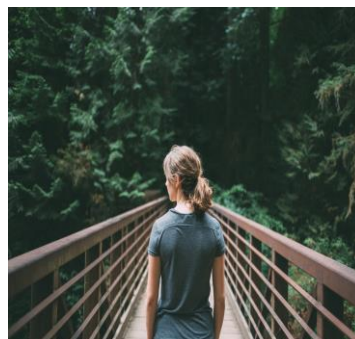

I model how to use your Spanish for you to copy.

03

It is easy when you use Spanglish as a bridge.

04

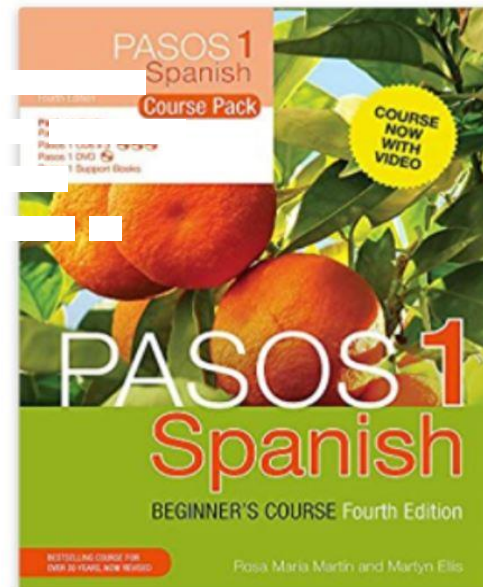

Two-way feedback for information.

The course begins with learning how to talk about basic personal information. It goes on to cover a wide range of topics. Essential items such as food, drink, accommodation and transport, as well as other social functions of language such as inviting people out, talking about health and giving advice, are all covered.

You will learn how to talk about the present, past and future, about your plans and about your history.

"I want to make adult education accessible, regardless of where you live and whether or not there is a class running near you. I hope you enjoy these lessons as much as I enjoy making them."

- Ruth Darby, tutor, teacher, author.

Pasos with Ruth has two main advantages.

1. The structure of a well ordered course, with a physical book to use.
2. The human space between, as Ruth gives guidance to help you access, enjoy and apply what you learn.
